

Enter the name of the students playing in the first quarter.

If a question is answered correctly put an x in the box.

If a question is powered put a + in the box

If a question is answered early and incorrectly put a - in the box.

If the question has been read completely and a student misses the question, leave it blank. (no neg for an incorrect answer on a completed question)

If a bonus is answered correctly put an X over the correct number If it is missed, leave it blank.

Add student line. Place student total in shaded box.

Add the number of bonuses. Place bonus total in shaded box.

For first quarter, add all shaded boxes for a quarter total.

For 2nd, 3rd and 4th quarter - add the previous quarter total to keep a running total:

For second quarter, add first quarter total to the shaded boxes for 2nd quarter.

For third quarter, add second quarter total to the shaded boxes for 3rd quarter.

For Fourth Quarter add third quarter total to the shaded boxes for 4th quarter.

Substitutions after 1st quarter should have full name. Students remaining in place may be identified by only 1st name.

If a team has two students with the same first name, designate last initial or name.
